January 1997 – May 2000	Dean’s List Recipient – 5 times at Louisiana State University

PEER REVIEWED ORAL PRESENTATIONS:

1. **Hale SS**, Johnson FK, Johnson RA. Endogenous Carbon Monoxide interacts with Nitric Oxide and acutely promotes water / sodium excretion. *J Investig Med* 2002; 50:149A (Abstract 784) (Southern Regional Meeting of AFMR. February 22, 2002)

PUBLICATIONS:

Abstracts

1. **Hale SS**, Johnson FK, Johnson RA. An inhibitor of Endogenously – Formed Carbon Monoxide Acutely Decreases Water / Sodium Excretion in L-NAME Treated Rats. *FASEB J* 2002; 16; A840 (Abstract 640.17). (Presented at the Experimental Biology 2002 Meeting)

Articles

1. **Hale, Steven S.**, Bales, Joshua G., Rosenzweig, Seth,; Daroca, Phillip, Bennett, James T. Bilateral patellar dislocation associated with alpha-mannosidase deficiency. *Journal of Pediatric Orthopaedics B*. 15 (3):215-219, May 2006.

PEER REVIEWED:

1. Fourteenth Annual Health Sciences Research Day, Tulane University, May 2002

PUBLICATIONS IN PREPARATION:

1. High Energy Flafond Fractures treated by spanning external fixator initially followed by second stage open reduction internal fixation of the articular surface – a follow up report. Kyle F Dickson, Scott Montgomery, **Steven S Hale**
2. Delayed Arterial Embolization following Total Hip Arthroplasty – a case report. Kyle F Dickson, Allen Butler, **Steven S Hale**
3. Angular Shortening Osteotomy of Ulna. James H Calandruccio, **Steven S Hale**
4. Arthroscopic Capsular Plication for chronic shoulder instability. Jay Saenz, Barry B Phillips, **Steven S Hale**
5. Platelet Rich Plasma for healing of segmental bone defects. **Steven S Hale**, Jae Ahn.

HOBBIES:

Running, Weight lifting, Hiking, Hunting, Snow Skiing, Water Skiing / Boating, Scuba diving, Movies, and mostly relaxing with my family and friends.
